Software does not include software created or owned by third parties for which Seller does not have the right to license to Buyer (“Third Party Software”).

2. **Terms; Seller’s Acceptance.** Unless Seller expressly agrees otherwise in writing, these Terms and Conditions will govern all purchase orders, quotations and statements of work. Seller specifically rejects, and Buyer disclaims, all pre-printed provisions in Buyer’s purchase order and any other Buyer forms or documents, including any terms and conditions on Buyer’s internet site. Seller’s failure to object to any term or condition in any communication from Buyer will not be construed as agreement to such term or condition, nor will it be deemed a waiver of these Terms and Conditions. Seller reserves the right, in its sole discretion, not to accept any purchase order, including any purchase order issued in connection with a quotation provided by Seller. Seller’s acceptance to supply Products and/or Services, as identified in Buyer’s purchase order, shall be in writing, as evidenced by the issuance of an Order Acknowledgment. In the event the Buyer and Seller have executed a definitive contract relating to the Products and/or Services purchased (a “Definitive Contract”), then the terms and conditions set forth in such Definitive Contract shall supersede any conflicting terms and conditions set forth herein for as long as such Definitive Contract is in effect and not terminated or expired.

3. **Entire Agreement; Amendments.** These Terms and Conditions, including any applicable Appendices, and Seller’s quotation, Order Acknowledgment and/or statement of work, (a) constitute the entire agreement of the parties covering the Products and/or Services provided by Seller to Buyer, and (b) supersede all other written or oral agreements between the parties, except in the event of a Definitive Contract executed by the parties. Seller and Buyer may modify these Terms and Conditions, or the associated quotation, Order Acknowledgment and/or statement of work, only by an express written agreement signed by both parties. Appendix A contains specific additional terms applicable to the sale of set-top boxes with MediaKind Software or Google Android Software. Appendix B contains specific additional terms applicable to the sale of Services. Appendix C contains specific terms applicable to the sale of Products and/or Services in the countries identified therein.

4. **Commercial Contract.** The procurement rules and regulations of any local, state, federal or other government or governmental authority will not apply to any sales of Products and/or Services by Seller to Buyer.

5. **Quotations and Prices.** Except as otherwise specifically provided in Seller’s quotation, Order Acknowledgment or statement of work, the prices of Products and/or Services will be Seller’s list prices in effect at the time of Seller’s quotation or Seller’s Order Acknowledgment or the effective date of statement of work and are not subject to trade or other discounts. Except as otherwise stated in writing by Seller, a quotation or proposal is valid for a period of sixty (60) days from date of issue; however, prices set forth in a quotation or a proposal are subject to increases due to market conditions. Seller may correct errors or omissions in published or quoted prices or change its published list prices at any time without notice. Unless stated otherwise in Seller’s quotation or Order Acknowledgment or statement of work, prices do not include any costs related to insurance, special packaging or insulation, source inspection, testing, service calls or service work performed by Seller, all of which must be paid by Buyer. Notwithstanding the foregoing, prices in Seller’s quotations, Order Acknowledgments and/or invoices may be subject to a price increase and/or surcharge.

6. **Taxes.** Prices do not include occupation, sales, use, privilege, excise or similar taxes, duties, tariffs, assessments or levies (including, but not limited to copyright levies) now or hereinafter imposed on the Products and/or Services, and Buyer will pay any such amounts in connection with the Products and/or Services. In lieu of payment, Buyer may, prior to delivery of the Products, provide Seller with a tax exemption certificate acceptable to the appropriate taxing authority.

7. **Terms of Payment.** Unless otherwise agreed by Seller in writing, all payments shall be in U.S. Dollars and due within thirty (30) days of the date of the invoice. Seller shall invoice Buyer on or about shipment of the Products and/or performance of Services, as applicable. Buyer will pay interest on any past due invoices at a rate of 1.5% per month on the unpaid balance, or, if lower, the maximum rate permitted under applicable law. Buyer will pay all costs, including reasonable attorneys’ fees, court costs and collection agency fees that Seller incurs in the enforcement of these Terms and Conditions against Buyer. If in Seller’s judgment, Buyer’s financial condition or payment history does not justify the payment terms set forth above or continuation of the existing payment terms, Seller may: (i) require full or partial payment of Buyer’s account; (ii) require payment in advance of shipment and/or performance; (iii) change Buyer’s credit terms; or (iv) any combination of the above. Buyer acknowledges that Seller retains a security interest in all Products, and all proceeds and products thereof, until Buyer renders payment in full, and Buyer hereby authorizes Seller to file any documents necessary to perfect Seller’s security interest.

8. **Shipping.** Seller will pack, package and crate Products in accordance with its standard commercial practices. Seller may make partial shipments and submit invoices for such partial shipments in accordance with the payment terms set forth in Section 7 above. Seller may ship overages or underages of weight, length, size and/or quantity in accordance with Seller’s standard practices.

9. **Title; Risk of Loss.** Title to the Products (but excluding any Software included in or with the Products) and the risk of loss or damage to the Products will pass to Buyer when delivery of the Products is made in accordance with Section 10.

10. **Delivery.** Unless stated otherwise in Seller’s quotation or Order Acknowledgment, all Products will be delivered FCA Seller’s facility (Incoterms 2020). Seller does not and will not guarantee any shipping or delivery date, and no person is authorized to commit to a delivery date except in writing signed by an authorized officer of Seller. Seller may estimate shipping or delivery dates to the best of Seller’s knowledge based on information provided by Buyer and conditions existing at the time of the estimate. Seller will make commercially reasonable efforts to ship the Products by the estimated shipping date, but will not be liable for any damages, loss or expense (direct, incidental, indirect, economic, consequential or otherwise) arising from a delay in shipment.

11. **Force Majeure.** Seller will not be liable for any delay caused by any act of God, fire, flood, explosion, war, terrorism, insurrection, riot, pandemic, embargo, action, statute, ordinance, regulation or order of any government or government agency, shortage of labor, material, fuel, supplies or transportation, strike or other labor dispute or any other cause, contingency, occurrence or circumstance of any nature beyond Seller’s control. If there is such a delay, Seller will have a reasonable extension of time in which to complete performance. If Seller is partially excused from performance either by any of the conditions listed above or by the provisions of any applicable laws or regulations, Seller will not be required to make any allocation of production, shipments or deliveries, notwithstanding any applicable laws or regulations that may provide otherwise.

12. **Acceptance of Products and Services.** The Products and Services provided by Seller are deemed accepted by Buyer upon delivery of Products in accordance with Section 10 and performance of Services, respectively.

13. **Delivery Delays.** If Buyer delays delivery of the Products, Buyer shall reimburse Seller for any and all costs of storage incurred by Seller after the date that Seller is prepared to deliver the Products. Seller may also invoice Buyer for the Products, and Buyer must pay for the Products in accordance with the terms of the original sale.

14. **Warranties.** Seller warrants the Products and Services to Buyer in accordance with the terms, conditions and limitations of Seller's Limited Warranty for such Products and Services as in effect as of the date of shipment or completion of work, respectively. Unless otherwise provided to Buyer in writing, Seller's Limited Warranty for the Products and Services is located on Seller's website at: <https://www.commscope.com/Docs/Limited-Product-Warranty.pdf> and is incorporated by reference into these Terms and Conditions. No person is authorized to give any additional warranties on Seller's behalf or to assume for Seller any other liability, except in writing signed by an authorized officer of Seller. Nothing in these Terms and Conditions or in Seller's Limited Warranty shall be construed to provide Buyer with a warranty for any system implementation using the Products. Warranties for system implementations or projects will be available only on terms set forth in a mutually agreed statement of work. Otherwise, all system projects, implementations and designs are the sole responsibility of Buyer. In the event of a conflict between this Section 14 and the Seller's Limited Warranty, this Section 14 shall prevail.

15. **Indemnity.** Seller will indemnify, defend and hold Buyer harmless from any liability arising out of any third-party claim that Products manufactured by Seller and sold to Buyer infringe any U.S. patent, including any damages awarded against Buyer in a final, non-appealable judgment of a court of competent jurisdiction. As a condition to Seller's obligation to indemnify Buyer, Buyer must (i) notify Seller in writing within 10 days after Buyer knows a claim has been asserted against Buyer, (ii) grant to Seller complete control over the defense of the claim and (iii) provide to Seller all available documents and information regarding the claim. If the court finds that the Products are infringing, or if Seller believes that such a determination is possible, Seller may, in its sole discretion and at its expense, (w) provide non-infringing replacement Products to Buyer, (x) procure on Buyer's behalf a license for the continued use of the Products, (y) modify the Products to the extent necessary to cure any problems of infringement or (z) refund the purchase price paid for the Products that are claimed to be infringing, less a reasonable amount for depreciation, in which event Buyer will promptly discontinue using such Products. If infringement is alleged prior to completion of delivery of a Product, Seller may provide a substitute product or decline to make further shipments without being in breach of these Terms and Conditions. Seller's obligations hereunder shall not apply to any alleged infringement occurring after Buyer has received notice of such alleged infringement unless Seller thereafter gives Buyer express written consent for such continuing alleged infringement. Seller will have no liability under this Section 15, and Buyer will indemnify Seller for any resulting liability, (A) if the Buyer is in breach of any term herein, (B) to the extent that any claim arises from or is caused by designs or specifications provided by Buyer, any modifications to any Product made by anyone other than Seller, the combination of any Product with any hardware, software or other components, use of a version of a Software or a Product other than the current version, if the current version would be non-infringing, the use of any Product for purposes not contemplated by the parties at the time of sale as indicated by contemporary product documentation, or an action of Buyer initiating a claim against a third party; or (C) except as agreed by the Parties in writing, for any claims resulting from, caused by or related to (i) royalties payable, other than a reasonable royalty based upon revenue derived by Seller from Buyer from sales or license of the infringing Products or associated Software; (ii) royalties payable, or intellectual property claims related to compliance with the Moving Picture Experts Group's ("MPEG") MPEG-2 specification of Generic Coding of Moving Pictures and Associated Audio: Video (ISO/IEC 13818-2) and the Transport Stream defined in the MPEG-2 Systems specification (ISO/IEC 13818-1) ("MPEG-2 Standards"), the MPEG-4 Visual and MPEG-4 Systems standards defined in ISO/IEC 14496-2 and ISO/IEC 14496-1, respectively, and the AVC/H.264 Standard, defined in ISO/IEC IS 14496-10; the MPEG HEVC standard (defined in ISO/IEC 23008-2 MPEG-H Part 2 and ITU-T H.265); or VP8 or VP9 by Google, Inc.; (iii) royalties payable, or intellectual property claims related to compliance with or implementation of standards issued by public or private standards bodies (including ITU, IEEE, ANSI, ISO/IEC, WiFi and Cable Labs standards), as well as third party private standards such as 5C Digital Transmission Content Protection, DVB and Dolby Digital Audio; (iv) infringement by any software (other than the Software); and, (v) infringement arising from any user interface (including but not limited to KreaTVGo and/or KreaTVUI, Rovi guides (including but not limited to Rovi i-Guide, Passport Guide, and DTA guides)) or PVR functionality included and/or made available in the Products, which is manufactured and/or supplied by a third party, or any claim from TiVo thereon.

Without limiting the foregoing, Seller shall not be liable for an infringement claim to the extent that such claim could have been avoided by Buyer obtaining Content Provider Licenses (as defined herein) under patents offered to providers of audio, video or data content to end user subscribers by entities that offer licenses for such patents on reasonable and non-discriminatory bases. For purposes hereof, "Content Provider License" means a license intended solely for use by the entity that provides audio, video or data content to an end user subscriber and does not include any licenses ordinarily imposed on, or available to, manufacturers or distributors of equipment, software or middleware.

In no event shall Seller be liable to Buyer or any third party and Buyer will indemnify Seller for any resulting liability caused by, relating to or arising from (A) Buyer's intentional misconduct, (B) programming services offered by Buyer or Buyer's programmers using or accessed by the Products and/or Software, including any assertion that any such programming services involve tortious conduct or the infringement of any third-party rights; (C) any disputes between Buyer and any of its program distributors or other distributors or affiliates; and (D) any disputes or claims involving the subscriber's use of the Product for the services of Buyer, including, but not limited to, a subscriber altering or modifying media, data or programming content, a subscriber streaming, transmitting, downloading, storing, viewing or playing media, data or programming content to/on the Product or other devices which may be located within or outside subscriber's premises. This paragraph of this Section 15 shall survive termination or expiration of these Terms and Conditions.

The rights set forth in this Section 15 are Buyer's exclusive rights with respect to any claim of patent infringement and, except as set forth in this Section 15, the Products are sold subject to any third-party claims of infringement.

16. **Property Furnished by Buyer.** If Buyer furnishes any components, tools, dies, jigs or other property, equipment, material, or facilities to Seller in connection with its performance under these Terms and Conditions, Buyer shall bear all risk of loss or damage with respect to such property, equipment, material, or facilities and shall indemnify and hold Seller harmless from and against all loss, cost, expense or liability arising in connection with its use of any such property, equipment, material, or facilities. Seller shall not be responsible for any delay in performance or nonperformance hereunder or the failure of any Product to conform to applicable specifications resulting, in whole or in part, from Seller's use of property, equipment, material, or facilities furnished by Buyer.

17. **Software License.** Unless specified in a Definitive Contract, provided that the Buyer has paid all applicable fees to Seller, Seller hereby grants to Buyer a limited, nonexclusive, nontransferable, non-sublicensable license (except for use by End User) to use, distribute, and otherwise commercially exploit the Software, solely with and as embedded or installed on the Hardware (if applicable and sold in conjunction with the Software), for its intended purposes, which purposes preclude Buyer's provision of any product or service to a third party that would alleviate any third party from the obligation or need to obtain a separate license to the Software. Except as otherwise expressly set forth herein, use of the Software is limited to the internal business operations of Buyer and its End Users. Buyer is responsible for its agent's, contractor's, and End User's use of the Software and their compliance with these Terms and Conditions. The Software is licensed and not sold, either separately or with the Hardware. Except as expressly set forth herein, no other licenses or rights are granted, and all rights, title to and ownership of all applicable intellectual property rights in the Software, including but not limited to patents, copyrights and trade secrets remain with Seller and its licensors. Buyer shall not attempt to acquire any other rights or attempt to assign or transfer any intellectual property rights in the Software in contravention of Seller's or its licensor's rights. Seller's rights extend to any accompanying printed materials and online or electronic documentation of the Hardware and/or Software, and any authorized copies of the above materials. Seller has no obligation to provide any updates or upgrades to the Software under these Terms and Conditions.

Unless otherwise agreed to in writing, Buyer shall not copy, modify, lend, share, lease, rent, assign, sub-license, provide service bureau, time-sharing, hosting, outsourcing or subscriptions services, create derivative works, reverse engineer, decompile, disassemble or in any manner attempt to derive the source code from the Software (including but not limited to review of data structures or similar materials produced by Software), or distribute or transfer the Software or any copies thereof, in whole or in part, or make the Software available in any manner to any third party for use in the third party's business operations. Buyer is entitled to make a single copy of the Software solely for backup or archival purposes and all title, trademark, copyright, restricted rights or any other proprietary notices shall be reproduced in such copy. The publication or disclosure of any results of benchmark tests run on the Software is prohibited. Buyer shall not remove, obscure or alter any markings or notice of copyright, patent, trade secret, trademark or other proprietary right or disclaimer appearing in or on any Software or accompanying materials.

Buyer will not subject Seller's proprietary Software or proprietary derivative works in whole or in part to any of the terms of an Excluded License. "Excluded License" means any license that requires (as a condition of use, modification and/or distribution of software) such software or other software combined and/or distributed with such software be (a) disclosed or distributed in source code form; (b) licensed for the purpose of making derivative works; or (c) redistributable at no charge. Loadable Kernel Modules are subject to the GPL, as derivatives of the Linux Kernel, and are considered licensed under an Excluded License.

The Software may contain embedded third-party software ("Embedded Third-party Software"). The licensors of such Embedded Third-party Software shall be third party beneficiaries entitled to enforce all rights and obtain all benefits which relate to such licensors under these Terms and Conditions. The licensors of such Embedded Third-party Software shall not be liable or responsible for any of Seller's covenants or obligations under these Terms and Conditions, and Buyer's rights or remedies with respect to any Embedded Third-party Software under these Terms and Conditions shall be against Seller. Buyer shall not directly access or use any Embedded Third-party Software independently of the Software unless Buyer obtains appropriate licenses. Under certain circumstances, Seller will advise that Buyer needs to obtain a license for other third-party software ("Third-party Software") for use in conjunction with the Software. Buyer agrees that the terms and conditions agreed to between Buyer and such Third-party Software vendor, including but not limited to warranties, indemnification and support, shall be solely between Buyer and the Third-party Software vendor, and Seller shall not have any responsibility or liability for such Third-party Software or related royalties or fees arising from Buyer's use of the same.

Seller Products may contain Open Source Software. If Open Source Software is used, upon written request from Buyer, Seller will make available the appropriate Open Source Software as per the applicable Open Source Software license terms. To the extent any license to any Open Source Software requires Seller to provide Buyer the rights to copy, modify, distribute or otherwise use any Open Source Software that are inconsistent with the limited rights granted to Buyer under these Terms and Conditions, then such rights in the applicable Open Source Software license shall take precedence over the rights and restrictions granted under these Terms and Conditions, but solely with respect to such Open Source Software. Buyer acknowledges that unless otherwise required by the applicable Open Source Software license, the use of Open Source Software is subject to the applicable license terms for that Open Source Software component and such license is solely between Buyer and the applicable licensor of the Open Source Software. Buyer shall fully comply with the terms of all applicable Open Source Software licenses, if any. Buyer shall not use any Open Source Software in such a way that would cause the non-Open Source Software portions of the Software to be subject to an Excluded License or any Open Source Software licensing terms and obligations. Buyer acknowledges that the Software includes unpublished software, trade secret and confidential or proprietary information of Seller or its licensors, and any unauthorized disclosure or use thereof may cause irreparable injury to Seller for which damages might be an inadequate remedy, and Seller shall be entitled to seek equitable relief, including injunction, in the event of such breach.

Buyer agrees to inform Seller promptly if it becomes aware of any breach of the Software license and Buyer agrees to enforce the terms of these Terms and Conditions against its customers and, if Seller requires Buyer to do so, to protect its interest, at Seller's request, Buyer shall assign to Seller or its designee the right to enforce these Terms and Conditions. The licenses granted in this Section 17 shall terminate automatically upon Buyer's or End User's breach of any of the terms set forth herein. Upon termination of the Software license resulting from any breach of these Terms and Conditions, Buyer shall discontinue use and destroy or return to Seller all copies of the Software and related documentation and provide Seller written declaration of compliance.

18. Limitations on Liability. THE WARRANTIES IN SECTION 14 ARE EXCLUSIVE AND ARE MADE ONLY TO BUYER. SELLER MAKES NO OTHER REPRESENTATIONS OR WARRANTIES, EXPRESS OR IMPLIED, AND SPECIFICALLY DISCLAIMS AND EXCLUDES ANY REPRESENTATION OR WARRANTY OF MERCHANTABILITY, SATISFACTORY QUALITY, NONINFRINGEMENT OR FITNESS FOR A PARTICULAR PURPOSE AND ANY REPRESENTATION OR WARRANTY ARISING BY USAGE OF TRADE, COURSE OF DEALING OR COURSE OR PERFORMANCE. SELLER'S TOTAL LIABILITY FOR ANY CLAIM OR DAMAGE ARISING OUT OF AND/OR IN CONNECTION WITH THESE TERMS AND CONDITIONS OR THE MANUFACTURE, SALE, DELIVERY OR USE OF THE PRODUCTS OR SERVICES (INCLUDING UNDER SECTION 15) WILL BE LIMITED TO PROVEN DIRECT DAMAGES, NOT TO EXCEED (I) FOR PRODUCTS, THE DEPRECIATED VALUE OF THE PURCHASE PRICE OF SUCH AFFECTED PRODUCTS

PURCHASED UNDER THESE TERMS AND CONDITIONS OR (II) FOR SERVICES, THE ACTUAL AMOUNT PAID TO SELLER FOR SERVICES DURING THE 12 MONTH PERIOD IMMEDIATELY PRIOR TO THE EVENT (OR SERIES OF EVENTS) GIVING RISE TO THE LIABILITY. IN NO EVENT (INCLUDING UNDER SECTION 15) WILL SELLER BE LIABLE FOR ANY INDIRECT, SPECIAL, INCIDENTAL, CONSEQUENTIAL OR PUNITIVE DAMAGES, INCLUDING, WITHOUT LIMITATION, ANY CLAIM FOR LOSS OF ACTUAL OR ANTICIPATED DATA, USE, REVENUES OR PROFITS. The Products are not specifically designed, tested, manufactured or intended for operation or use in any inherently dangerous, life endangering or life support applications where any failure of the Products could lead to death, personal injury or significant physical or environmental damage (High Risk Activities). If Buyer uses the Products in High Risk Activities, including but not limited to nuclear facilities or the flight, navigation or communication of aircraft, Buyer agrees that neither Seller nor its third party licensors are liable in whole or in part, for any claims or damages arising from such use, and that Buyer shall indemnify and hold Seller and its third party licensors harmless from any and all claims for loss, cost, damage, expense or liability arising out of or in connection with any use of the Products in High Risk Activities. The limitations on liability in these Terms and Conditions, including warranty limitations, shall apply regardless of the form of action, whether in contract, tort, strict liability or otherwise, and whether damages were foreseeable. The limitations of liability in this Section 18 shall survive failure of any exclusive remedies provided in these Terms and Conditions or in Seller's Limited Warranty. In the event of a conflict between this Section 18 and Seller's Limited Warranty, this Section 18 shall prevail.

19. Remedies for Events of Default. If Buyer (a) fails to pay any amount due within 30 days of the due date, (b) files a petition in bankruptcy or seeks relief under any bankruptcy, reorganization, insolvency, dissolution, liquidation or similar law of any jurisdiction, or (c) becomes unable to pay or suspends payment of its debts as they become due, or if a court issues an order appointing a receiver, custodian or administrator over all or part of Buyer's assets, Seller may terminate any outstanding purchase order. In addition, without waiving any other available remedies, Seller may: (v) declare immediately due and payable all sums due and to become due under any outstanding purchase order; (w) stop manufacture of any Products for Buyer; (x) stop all shipments in progress and future shipments; (y) stop performance of all Services; and (z) repossess any Products in which Seller has a security or ownership interest.

20. Waiver of Subrogation. Each party waives (for itself and its insurance carrier) all its rights of subrogation against the other party and the other party's employees, agents, suppliers and subcontractors to recover damages and losses to the extent such damages or losses are covered by insurance; provided that this provision will have no effect to the extent that it invalidates or otherwise limits the insurance coverage of a party.

21. Specifications, Tooling and Product Discontinuance. Seller may change its Product specifications and manufacturing practices at any time without notice to Buyer; provided that such changes do not materially impair the performance of the Products. Seller may also discontinue any Products and/or Services at Seller's sole discretion. Seller will exclusively own all materials and information provided by Seller to Buyer, including, without limitation, specifications, drawings, engineering data and technical designs, and all tools required for production, or engineering advances developed by Seller as a result of producing items in a purchase order.

22. All Sales Final. Unless otherwise expressly agreed in writing by Seller, all sales are final. No returns will be accepted by Seller without a written authorization to return materials signed by Seller.

23. Changes; Cancellation. Purchase orders are non-cancellable by Buyer upon Seller's acceptance of Buyer's purchase order. Buyer may cancel a purchase order only with Seller's express written consent. If Seller determines that a change order is required, Seller may request that Buyer provide a revised purchase order. Any other change order must be in writing and signed by duly authorized representatives of Seller and Buyer. Change orders will specify any resulting adjustments in delivery schedule or price.

24. No License. Neither these Terms and Conditions nor the purchase of any Products or Services hereunder shall be construed to confer upon Buyer or its customers any license under any patent or other proprietary rights of Seller, except the right to use such Products or Services for the purposes for which they are sold. Buyer does not acquire any right, title or interest in any tooling, set-up, fitting-up, drawings, design information, or invention or other intellectual property resulting therefrom, which remain the sole property of Seller.

25. Compliance with Laws. Buyer will comply with all applicable laws affecting the purchase and use of the Products and/or Services, including, without

limitation, any applicable export laws. Buyer will maintain all required licenses, permits and registrations with governmental authorities and agencies, commercial registries, chambers of commerce or other offices. Buyer will dispose of Products in an environmentally responsible manner in accordance with all applicable local laws and regulations. Buyer will not export or re-export the Products to any country in violation of U.S. export control laws or any other applicable export control laws. Buyer will comply with all applicable anti-corruption and anti-bribery laws, regulations, or similar legislation. Buyer shall neither directly nor indirectly pay or offer, promise, give, or authorize to pay money or anything of value to any employee or official of a government or instrumentality or department thereof, to any political party or candidate for political office, to any employees or officials of public international organizations, or to any other person with the knowledge or belief that such money or item of value will be passed on to one of the above to influence any act or decision by such person or by any governmental body for the purpose of obtaining, retaining, or directing business or to otherwise obtain an improper advantage.

25(a). **Data Protection.** To the extent that Seller is deemed to be processing Personal Data at Buyer's direction, Seller will implement appropriate technical and organizational measures to protect Personal Data processed by Seller on behalf of Buyer in connection with these Terms and Conditions in accordance with all applicable data protection laws and any other laws, regulations, or regulatory guidance. "Personal Data" means information that identifies, relates to, describes, is reasonably capable of being associated with, or could reasonably be linked, directly or indirectly, with a particular consumer or household, or which is so classified under an applicable data privacy law. To the extent Buyer provides Personal Data to Seller for any purpose, Buyer represents and warrants that it has taken all steps legally required under applicable data protection, privacy or related laws, including but not limited to providing notice and/or obtaining individual consent, where legally required, in order to disclose, transfer or otherwise provide such Personal Data to Seller. Upon request, Buyer will furnish to Seller a certificate of compliance regarding the foregoing undertakings. When and as reasonably required by Seller from time to time, Buyer shall execute supplemental data privacy, data protection, and/or data security terms with Seller, as required in Seller's sole reasonable judgment, for compliance with applicable data protection laws.

26. **Buyer's Representations.** Buyer represents and warrants that (i) the Products and/or Services purchased hereunder will not be used, directly or indirectly, to further the illegal theft of services or any other unauthorized receipt, interception, publication, distribution of, or interference with any privately owned transmission of information and (ii) except as otherwise agreed to by the parties under a separate written agreement, Buyer will not act as a reseller of any Products and/or Services provided hereunder.

27. **Set-off.** Buyer may not set-off any amount owing from Seller to Buyer against any amount payable by Buyer to Seller, whether or not related to the same purchase order.

28. **Software Usage Audit.** Seller shall have the right, upon reasonable notice, to audit the Buyer's usage of the Software to ensure compliance with applicable terms and conditions. Audits will not occur more frequently than once per quarter. Buyer shall provide reasonable assistance and access to information in the course of such audit and shall permit Seller to report the audit results to any applicable third-party licensor. If any audit reveals any underreported, unpaid or unauthorized use of the Software, then Buyer shall promptly pay to Seller the then current fee representing the underreported, unpaid or unauthorized use of the Software, and Buyer will be responsible for the costs and expenses of the inspection and audit if such inspection and audit reveals that the then current fee representing the underreported, unpaid or unauthorized use of the Software is equal to or greater than 5% of the amounts actually paid by Buyer for such Software.

29. **Confidential Information.** Buyer will not disclose any confidential or proprietary information of Seller, including, without limitation, any information regarding pricing of the Products or Services or the other terms and conditions of sale of the Products or Services to Buyer, nor shall Buyer use any such confidential or proprietary information other than in the course of performing its obligations hereunder. Seller retains ownership of all of its confidential and proprietary information and all documentation containing such information. Upon request of Seller, Buyer shall immediately return any such confidential or proprietary information provided, including all copies made by Buyer. In addition, Buyer will not use any of Seller's trademarks, service marks or trade names without the express written consent of Seller.

30. **No Partnership or Joint Venture.** The parties agree that nothing in these Terms and Conditions will create any agency, employment, partnership, joint venture or fiduciary relationship between Buyer and Seller.

31. **Assignment.** These Terms and Conditions are binding upon, and inure

to the benefit of Buyer, Seller and their permitted successors and assigns. Buyer may not assign all or any portion of its rights or obligations hereunder, by operation of law or otherwise, without the prior written consent of Seller. Any attempted assignment without such consent shall be void. Seller may assign, delegate, novate or subcontract any of its rights or obligations, in whole or in part, without Buyer's consent.

32. **Waiver.** Seller's waiver of any breach of any provision contained in these Terms and Conditions will not waive any other breach by Buyer. Seller's delay or failure to enforce its rights under these Terms and Conditions shall not be deemed a waiver of such rights.

33. **Governing Law.** These Terms and Conditions will be governed by the internal laws of the State of North Carolina, including the Uniform Commercial Code as adopted in the State of North Carolina, without regard to conflict of laws principles. The United Nations Convention on Contracts for the International Sale of Goods will not apply. All shipping and delivery terms specified herein will have the definitions set forth in the Incoterms 2020 published by the International Chamber of Commerce.

34. **Notices.** All notices provided hereunder shall be in writing, sent by express, registered or certified mail, return receipt requested, courier service or personal delivery, or electronic mail, and shall be effective upon receipt or refusal. Notices to Buyer shall be sent to the address listed in the purchase order or other documentation to Seller. Notices to Seller shall be sent to:

Appendix A

Provisions Specific to MediaKind Software and Android Software

1. Provisions Relating to MediaKind Software. The provisions set forth in this Section 1 of Appendix A are applicable only to Seller's Set-top Box Products ("STBs") that include MediaKind Software.

(a) **Definitions.** "MediaKind Software" means Mediaroom Client and related supporting software (including, but not limited to operating system, conditional access, and drivers) created or owned by Microsoft, Ericsson or MediaKind or each of its affiliates and any related future software. MediaKind Software is not considered Software under these Terms and Conditions.

(b) **Certificate Revocation.** Buyer acknowledges that MediaKind may revoke the MediaKind IPTV CA Certificate and the associated signed Seller CA Certificate. Further, Seller shall, upon MediaKind's request, revoke a Device Certificate: (a) upon MediaKind's or Seller's reasonable knowledge or suspicion of a compromise of the "Private Key" (as defined herein) or a private key associated with such Certificate; or (b) if MediaKind or Seller determines that the Device Certificate was not properly used. Private Key means the private key generated by Seller that is cryptographically related to the public key contained in an OEM CA Certificate and used to sign device certificates. Seller shall have no liability of any kind associated with the expiration or revocation of MediaKind or Seller CA Certificate as set forth herein.

(c) **Supplemental Code.** Buyer acknowledges and agrees that MediaKind may periodically provide required or optional Supplemental Code, as defined herein, to the STBs (including bug fixes, patches and other updates), which Seller shall (if required) or may (if optional) incorporate into the STBs. Supplemental Code is defined as additional or replacement code of any portion of the MediaKind Software as MediaKind may provide from time to time. Any additional license rights or limitations related to the Supplemental Code provided to Buyer by Seller will be described in a letter from Seller to Buyer accompanying the Supplemental Code. In the event that Buyer receives Supplemental Code from MediaKind without express approval from Seller, Seller shall have no liability or obligations for additional license rights, fees or obligations incurred by the Supplemental Code.

The following shall apply to Supplemental Code: (i) The Supplemental Code letter or documentation accompanying the Supplemental Code may have additional or different terms and conditions than under these Terms and Conditions; (ii) If Buyer does not use the Supplemental Code, these additional or different terms and conditions shall not apply to it; and, (iii) If Buyer uses the Supplemental Code, then Buyer shall comply with the additional or different terms and conditions as set forth in the Supplemental Code letter.

(d) **Notices; Injunctions.** Buyer agrees that Seller may provide Buyer with forty-five (45) days prior written notice of MediaKind's recommendation that Buyer should cease use, sale, offer for sale, importation or other disposition or promotion of one or more STBs or trademark(s) due to a claim with respect to the MediaKind Software. Buyer agrees that Buyer shall reimburse Seller for any and all damages, costs, and expenses (including reasonable attorneys' fees) incurred resulting from Buyer conducting any activities contrary to such recommendation after the effective date of such notice.

Without limiting the foregoing, if in connection with a MediaKind Software claim a court enjoins Buyer or Seller from distributing STBs in its inventory and (i) such injunction is not lifted within sixty (60) days; (ii) MediaKind has not procured a license that enables Buyer or Seller to distribute the enjoined MediaKind Software; or (iii) MediaKind has otherwise not modified MediaKind Software to make it non-infringing within such sixty (60) day time period, then such MediaKind Software will no longer be available for incorporation into the STBs under these Terms and Conditions. Seller shall have no liability to Buyer or any third party and shall not be in breach of these Terms and Conditions if it declines to make further shipments of STBs due to an injunction regarding the MediaKind Software. In the event of STB supply discontinuance under this Section 1(d), Buyer shall be responsible for payment for all STBs and accessories previously ordered or forecasted for delivery for the 120 day period following the effective date of such notice.

2. Provisions Relating to Android Software. The provisions set forth in this Section 2 of Appendix A are applicable only to Seller's STBs that include Google's Android Software ("Android STB"). Buyer's license and use of the Android (which is open source software) shall be subject to Buyer accepting the terms of the Google Android Terms and Android license available at <https://source.android.com/>. The Android STBs are supplied pre-loaded with Android required to run the Google Application.

(b) For any third party application software (e.g., TiVo, Netflix) that Buyer requests and which Seller agrees to load on any Android STB ("Third Party Application Software"), Buyer represents that it has all the rights necessary to grant Supplier the rights to access and load all Third Party Application Software on the Android STB ("Third Party Application Software Rights"). Buyer hereby grants to Supplier, solely for and to the extent necessary for the performance of Supplier's obligations hereunder, all Third Party Application Software Rights, including without limitation the license under Buyer's and its licensors' intellectual property rights to use, make, have made, reproduce import or distribute to Buyer the Third Party Application Software which it has requested Supplier to load and that which Supplier has agreed to load on the Android STB.

(c) Seller will provide mandatory (i.e., made mandatory by Google) updates and upgrades from Google if/when available (unless stated by Google that update/upgrade is not applicable to the specific reference design or product or software) for a period of three (3) years, starting from first certification of the applicable Seller's Android STB by Google. Except as set forth in this Section 2(c) and Google Android Terms, support and maintenance of Android Software or any third party products or software, including any Third Party Application Software is not covered by Seller and outside the scope of these Terms and Conditions.

(d) Solely to the extent licensing terms are altered by Google, Seller may provide further and/or updated licensing terms relating to Android Software, and such terms shall apply upon notification to Buyer. Seller shall have no liability to Buyer or any third party and shall not be in breach of these Terms and Conditions if it declines to make further shipments of Android STBs to the extent due to an injunction regarding the Android Software or Third Party Application Software. In the event of Android STB supply discontinuance under this Section 2(d), Buyer shall be responsible for payment for all Android STBs and accessories previously ordered or forecasted for delivery for the 120 day period following the effective date of such notice.

3. **Site Preparation and Condition for Services.** Buyer will be responsible for preparation of the site at which Seller will perform the Services, to the specifications and in accordance with the time schedule stated in a quotation and/or statement of work. If contamination is found to be present at a site, Seller will have no further obligations under any quotation and/or statement of work (other than with respect to any software licenses or confidentiality obligations), until such contamination is removed.
5. Prior to the date specified in a quotation and/or statement of work for the performance of Service, Buyer will (i) obtain and pay for all governmental or third party consents, permits, approvals, licenses and public and private easements necessary for Supplier's unrestricted access to any site or location needed for performance of the Services; and (ii) will notify Seller in advance of any requirements including all local laws, regulations, ordinances and the like to which Seller is or will be required to comply in the rendering of Services hereunder.

Any transactions pursuant to these Terms and Conditions that constitute a contract for the provision of Services, are not a contract of employment and accordingly the Buyer shall be fully responsible for and shall indemnify the Seller and/or any of its affiliates for and in respect of:

- (i) any income tax, National Insurance and social security contributions and any other liability, deduction, contribution, assessment, or claim arising from or made in connection with the performance of the Services, where the recovery is not prohibited by law. The Buyer shall further indemnify Seller and/or any of its affiliates against all reasonable costs, expenses and any penalty, fine or interest incurred or payable by Seller and/or any of its affiliates in connection with or in consequence of such liability, deduction, contribution, assessment or claim other than where the latter arises out of negligence or willful default by Seller and/or any of its affiliates; and
- (ii) any liability howsoever arising from any employment-related claim or arising from any claim based on worker status (including reasonable costs and expenses) brought by the Buyer, its personnel or any of the Buyer's employees, agents or subcontractors against Seller and/or any of its affiliates arising out of or in connection with the provision of the Services, except where such claim is solely as a result of any act or omission of Seller and/or any of its affiliates.
