

Free network design discovery session

Simplify your network planning with a personalized, expert-led consultation. The **RUCKUS® Design My Network** session gives you direct access to our technical team to explore your current setup, identify challenges, and receive a customized design that fits your needs.

What you'll get:

- 1:1 session with a RUCKUS network expert
- Review of your current wired and wireless environment
- Identification of bottlenecks, risks, and opportunities
- Personalized network design plan tailored to your goals
- Zero cost. Zero pressure.

Ideal for:

- Network administrators and IT managers
- Multi-site operations and campus environments
- Teams preparing for upgrades, expansions, or redesigns

Why choose RUCKUS?

RUCKUS builds enterprise-grade networking solutions that combine performance, simplicity, and flexibility. Whether you need scalable Wi-Fi, resilient switching, or AI-powered management, we meet you where you are—and help you get where you want to go.

Session benefits:

- Expert insight into your existing network architecture
- Technology recommendations that align with your budget and goals
- A clear path forward—based on your environment, not a generic template

How it works:

1. Submit a request via our online form
2. We'll schedule a brief call to gather details
3. Our team reviews your requirements and designs a solution
4. You receive a personalized network plan—ready to share with stakeholders
