

Who We Are

CommScope helps companies around the world design, build and manage their wired and wireless networks. Our vast portfolio of network infrastructure includes some of the world's most robust and innovative wireless and fiber optic solutions. Our talented and experienced global team is driven to help customers increase bandwidth; maximize existing capacity; improve network performance and availability; increase energy efficiency; and simplify technology migration. You will find our solutions in the largest buildings, venues and outdoor spaces; in data centers and buildings of all shapes, sizes and complexity; at wireless cell sites; in telecom central offices and cable headends; in FTTx deployments; and in airports, trains, and tunnels. Vital networks around the world run on CommScope solutions.

Our Mission

CommScope enables communication through a constant focus on innovation, agility and integrity.

- We drive innovation in networks and technologies with high-performance, high-quality products.
- We help our customers solve business challenges and adapt to change quickly, and
- We operate with integrity to deliver strategic growth opportunities for our customers, value to our owners, and a thriving, collaborative culture for our diverse employees.

Our Vision
