

Becoming a RUCKUS Certified Partner has never been easier

At RUCKUS® Networks, we believe that our success depends on your success. That's why we're constantly looking for ways to improve our RUCKUS BIGS DOGS tiered program—so your company can reach its full potential.

The RUCKUS Accelerated Certified Partner Program

RUCKUS now offers the fastest way for Registered Partners to become Certified Partners as an alternative to the [standard training program](#). To upgrade your tier status, simply have a member of your team join us for two live sessions and attend one in-person Essential Day. That's it! Once these three sessions have been completed, your company is eligible to become a RUCKUS Certified Partner.

Certified Partner training sessions	
Onboarding session 1	RUCKUS Legacy, Technology, Training & Support Resources
Onboarding session 2	RUCKUS Products & Solutions Deep Dive
In-person Essential Day	Hands-on training with RUCKUS One™, RUCKUS AI™, switches and other technology

Upcoming RUCKUS virtual Onboarding sessions, and Essential Day workshops will be listed on the [RUCKUS Technical Family website](#). These sessions do not need to be attended in order, but all sessions and quizzes must be completed to receive accreditation. In addition, RUCKUS is offering Essential Day sessions through its authorized distributors and will provide additional opportunities directly with the local sales teams. So expect to be able to take part in many opportunities during this exciting training and Partner accreditation program.

NOTE: If the new Accelerated Certified Partner Program doesn't fit your busy schedule, RUCKUS will continue to offer a self-guided online learning certification you can pursue and achieve at your own pace.

Advantages of being a RUCKUS Certified Solution Provider

After attaining Certified Partner status, you'll not only have access to RUCKUS' wired and wireless solution, you'll also receive additional benefits such as:

- Direct access to our technical experts and experienced sales staff
- Listing on our Partner locator
- Marketing Development Fund (MDF) Program eligibility
- Access to monthly technical webinars
- Ability to earn industry specialization certification
- Discounts on selected solutions
- Sales leads from your sales representative (when available)

By completing the Accelerated Certified Partner Program, your company is better prepared for all existing wired and wireless challenges and can significantly reduce your time to revenue.
